The lucky knot has many uses! ^ _ ^

Multifid Lucky knots

Flat knot

steps

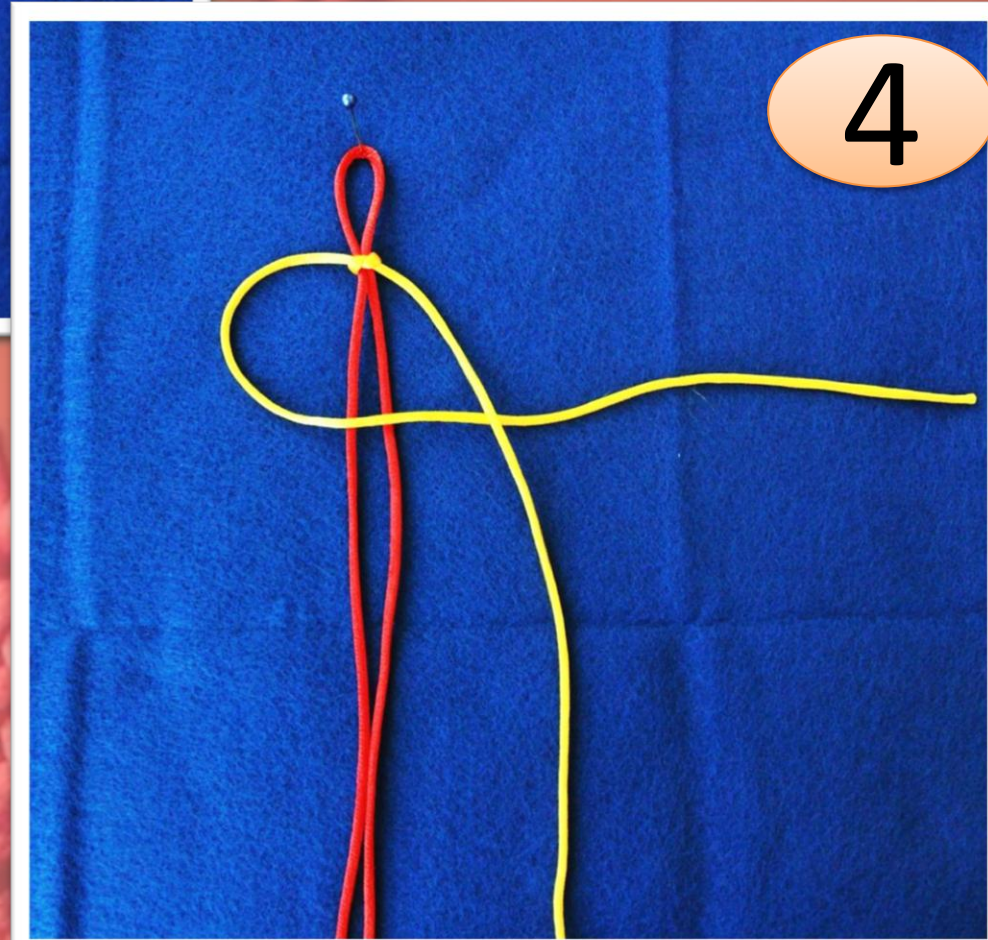

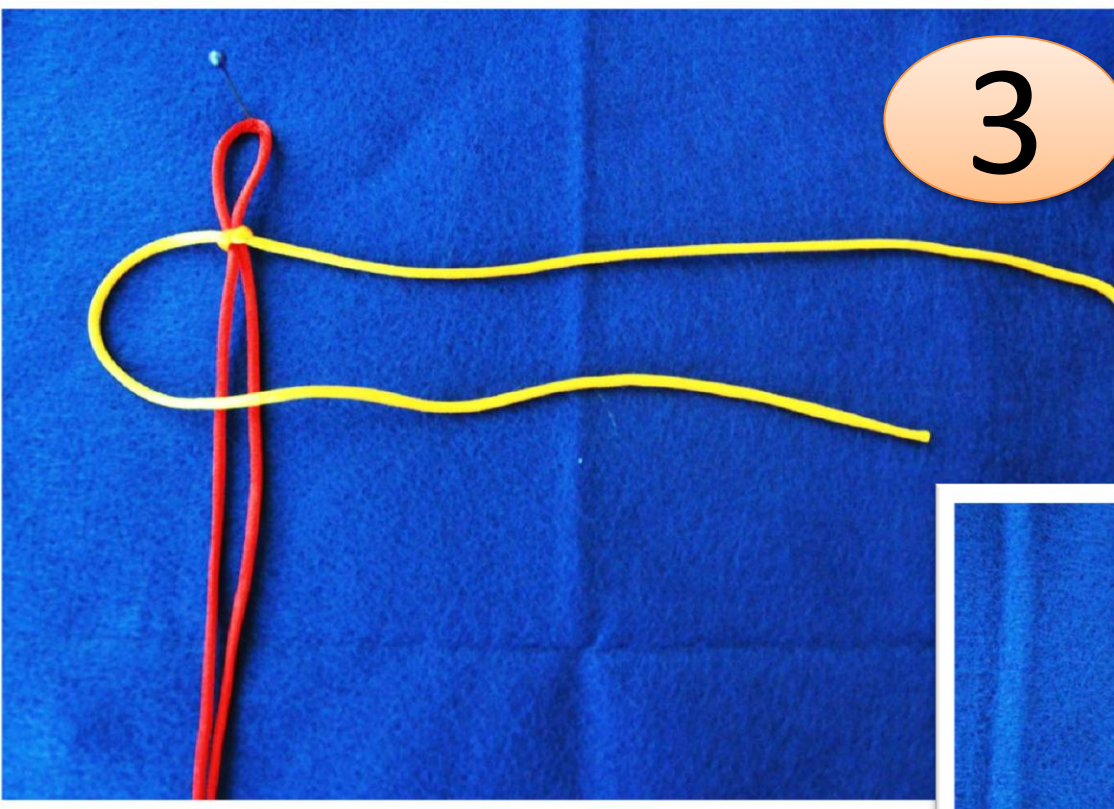

1

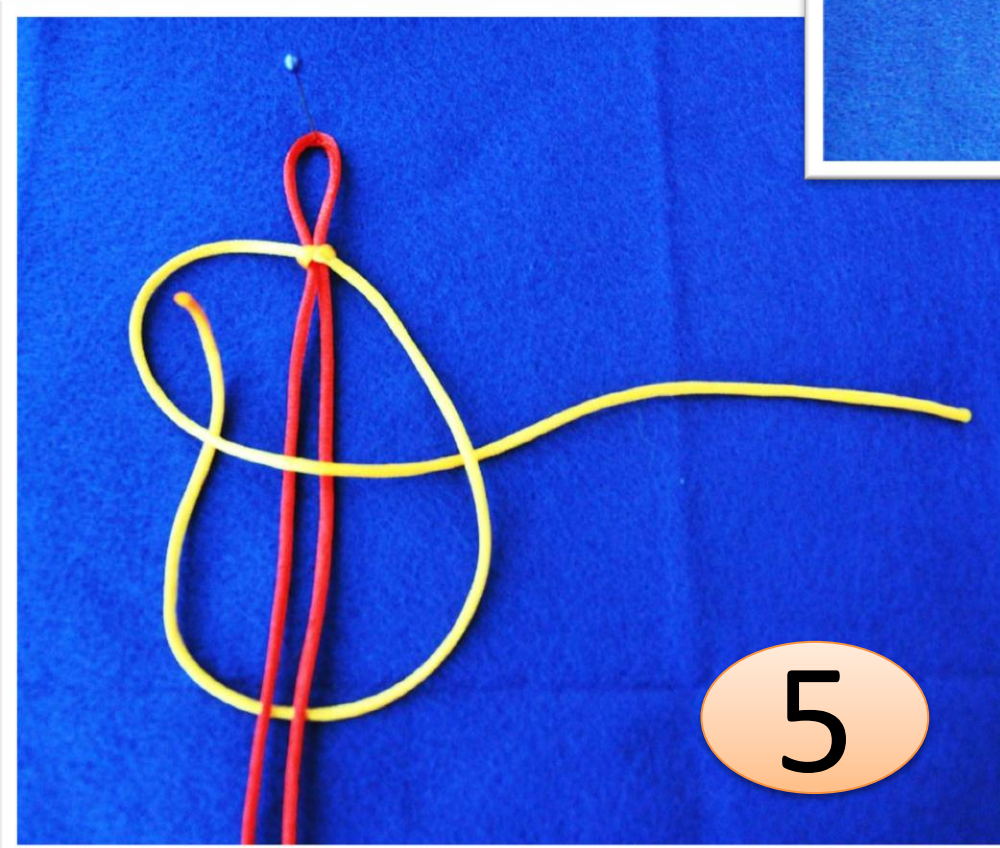

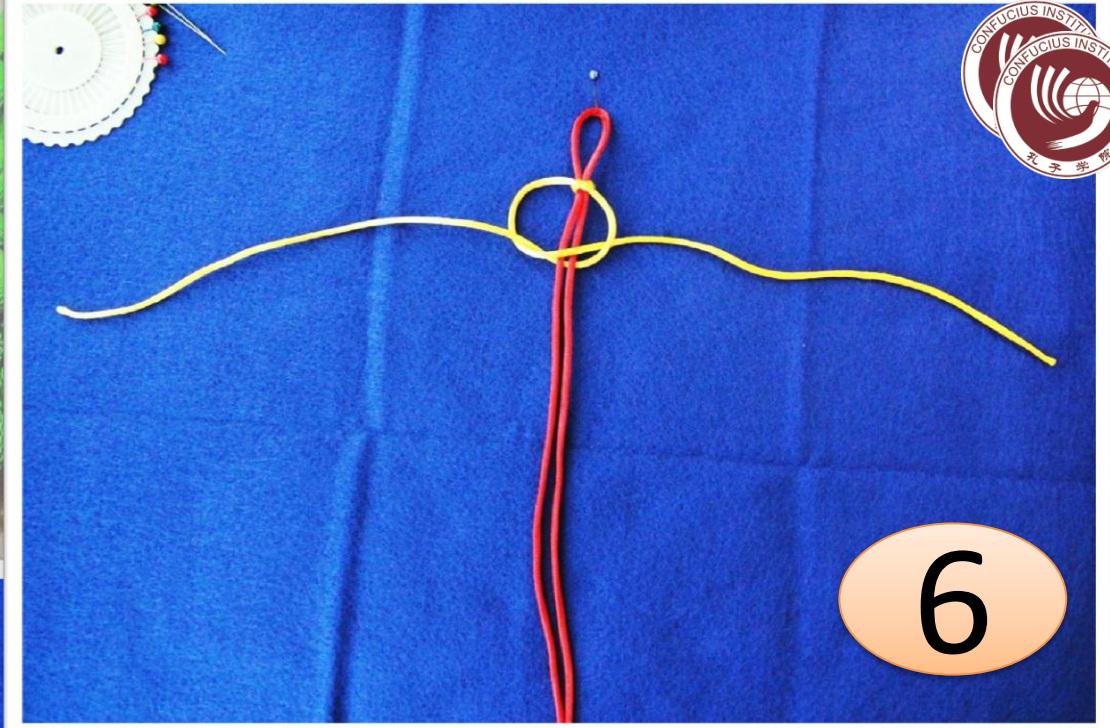

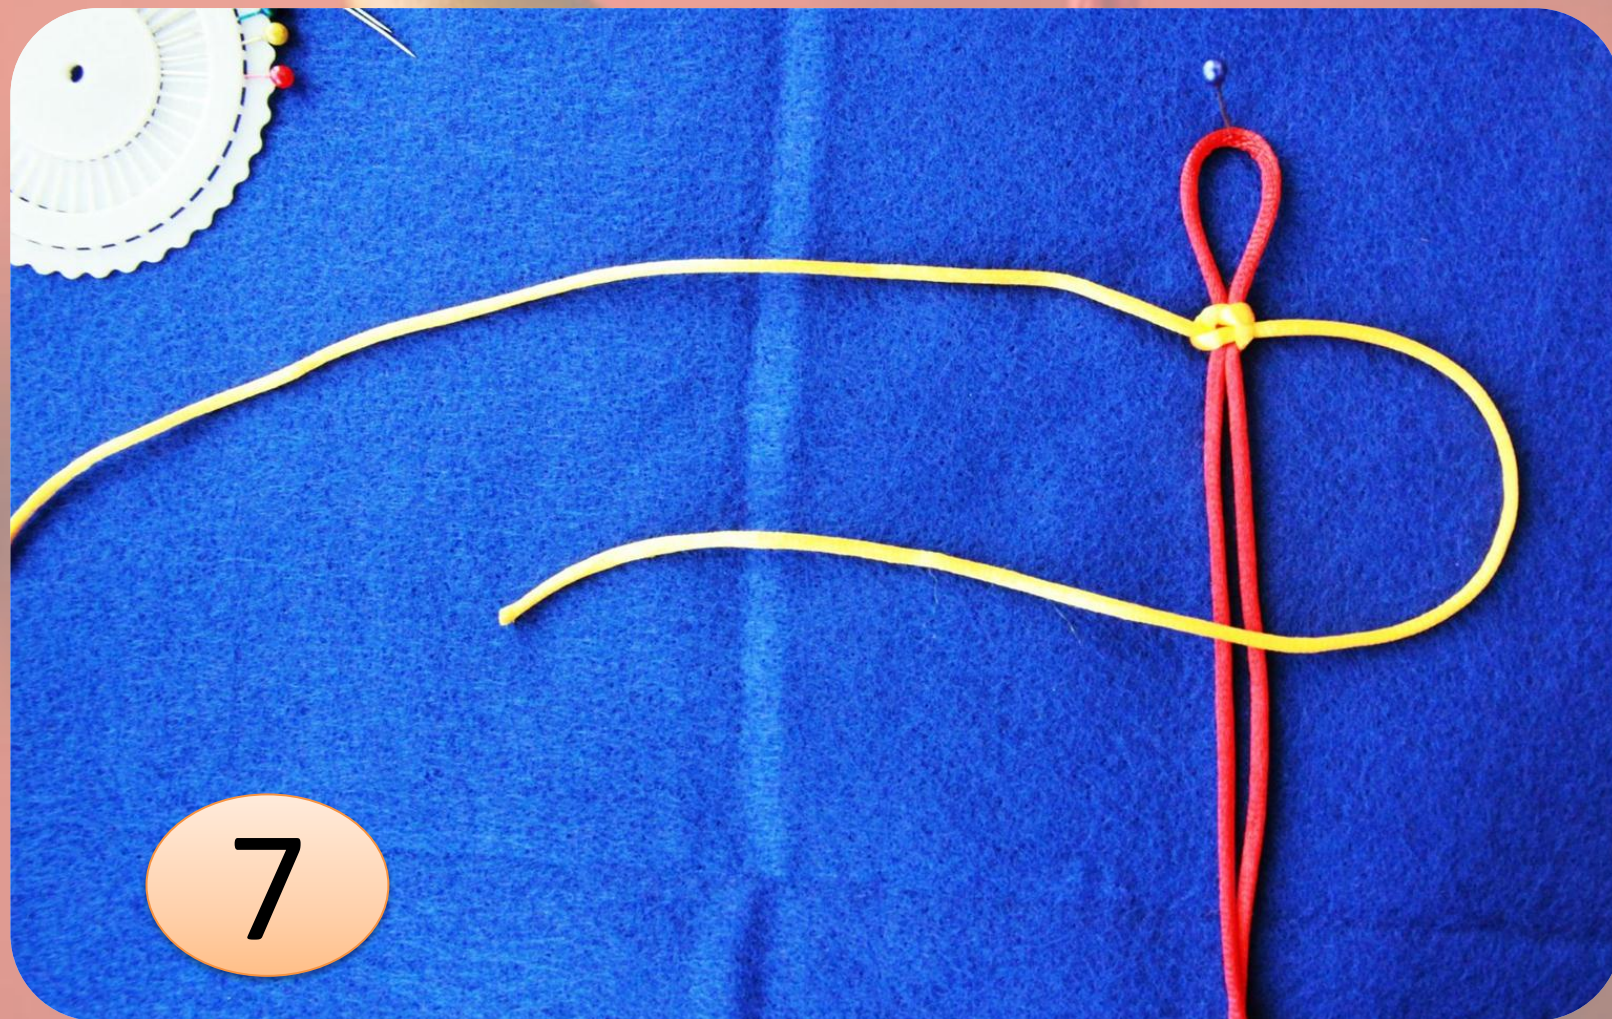

Tips: fold one string first, then fix it with a pin.
The other string goes straight underneath the folded one.

2

Tips: use the horizontal line to make a slipknot

Hold the string on the thumb

Take the loop off the thumb, and put it over the index loop.

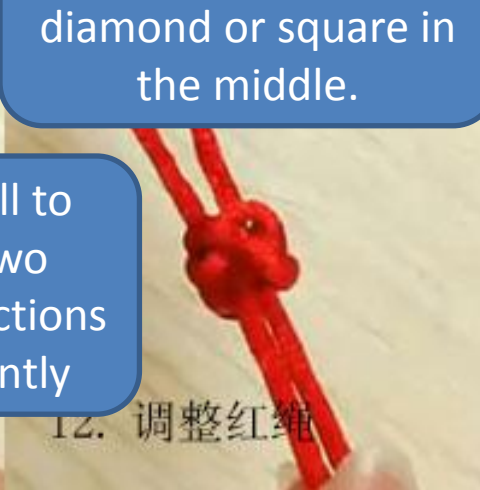

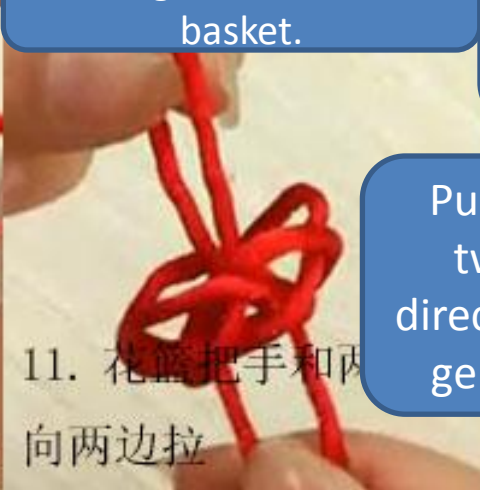

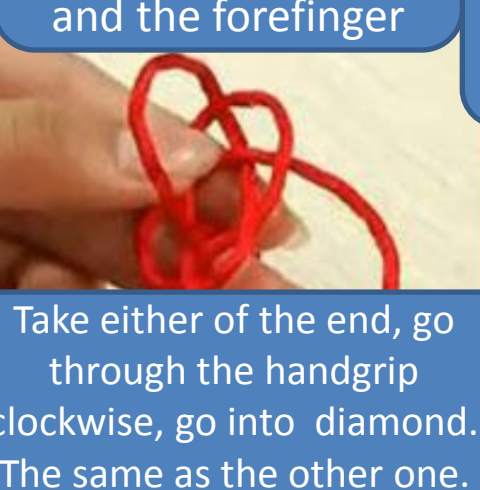

There is a string under the loop between the thumb and the forefinger

Take the the right string, go through the middle string metioned last step.

Take the loop off the forefinger, it looks like a basket.

Have a view look at the basket, there is a diamond or square in the middle.

Take either of the end, go through the handgrip clockwise, go into diamond. The same as the other one.
